

# LEADING POSITION SYSTEM ENGINEERING (M/F/D)

 **Kalsdorf bei  
Graz**

 **Full-time  
employee**

 **24.02.2025**

 **Engineering &  
Technical**

**With the passion of our people, we contribute to a sustainable future by creating innovative products in e-mobility for our customers.**

**Samsung SDI Battery Systems is a global technology leader in e-mobility. Together with our customers in the automotive industry, we develop, test and industrialize innovative Lithium-Ion Battery packs for hybrid and electric vehicles.**

**The technology center of Samsung SDI Battery Systems is located in Kalsdorf, Austria, close to Graz.**

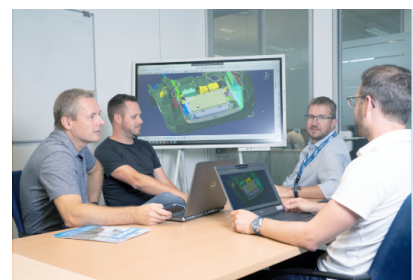

## **Your core responsibilities are:**

- Disciplinary, strategic and project related management of a team in the area of System Engineering
- Manage product requirements, specifications, and acceptance criteria, ensuring clear and achievable deliverables
- Establish and support structured REQ and architectural thinking throughout the design teams
- Management of Li-Ion cell integration related scope of work by fostering collaboration with internal and global interfaces

Modern work environment in an European technology center for battery development and testing

[>more about facility](#)

Have a say and think differently. In a team that lives the future.

[>more about working with](#)

- Establish a global BMS platform meeting market REQ in cost and functionality
- Innovation in BMS development process striving for efficiency (process, documentation, tools, certification)
- Create and manage boundaries to achieve external certifications in FuSa and Cyber Security on time

### What you need is:

- Completed technical education
- Several years of professional experience in a managing role in automotive development area
- Knowledge about automotive REQ management processes / tools
- Technical open minded and ambitious to act in the interface between all disciplines engaged in battery technology
- Leading by example, integrity, transparency & accountability
- Innovation and cost-driven mindset
- Seeing the future with strategic thinking
- Very good English and German language skills
