

ADVANCED DEVELOPMENT ENGINEER (M/F/D) MATERNITY LEAVE

 **Kalsdorf bei
Graz**

 **Full-time
employee**

 **04.06.2025**  **Engineering &
Technical**

With the passion of our people, we contribute to a sustainable future by creating innovative products in e-mobility for our customers.

Samsung SDI Battery Systems is a global technology leader in e-mobility. Together with our customers in the automotive industry, we develop, test and industrialize innovative Lithium-Ion Battery packs for hybrid and electric vehicles.

The technology center of Samsung SDI Battery Systems is located in Kalsdorf, Austria, close to Graz.

Your core responsibilities are:

- Explore, innovate, and validate cutting-edge technologies that shape the future of mobility
- Bridge visionary concepts with practical implementation, enabling seamless integration into series development projects
- Scout and explore emerging technologies with focus on high-impact potential
- Develop innovative concepts for next-generation battery systems
- Test feasibility through quick iterations, mock-ups and build-fail-

Modern work environment in an European technology center for battery development and testing

learn cycles

- Lead and/or participate in advanced development projects from idea series readiness
- Collaborate closely with stakeholders across SCM, Engineering, Marketing and beyond

What you need is:

- Completed technical degree (physics, material sciences, electrical engineering, chemistry, mechatronic, ...)
- 3 years work experience in a technical role, preferably in a development or R&D environment
- CAD proficiency is required - ideally with CATIA V5
- Hands-on mindset with a strong “build-fail-learn” attitude
- Self-motivated, curious and driven by impact
- Strong communication and collaboration skills in interdisciplinary teams
- German language skills are a plus, but not mandatory

Our offer for you:

With regard to the Austrian Equal Treatment Act, we offer the following annual gross remuneration (38.5 hours) as a basis for negotiations for this position: EUR 62.000,-

We also offer a market-standard overpayment depending on relevant work experience and qualifications.
