

DATA SCIENTIST (M/F/D)

 **Kalsdorf bei
Graz**

 **Full-time
employee**

 **03.04.2026**

 **Engineering &
Technical**

With the passion of our people, we contribute to a sustainable future by creating innovative products in e-mobility for our customers.

Samsung SDI Battery Systems is a global technology leader in e-mobility. Together with our customers in the automotive industry, we develop, test and industrialize innovative Lithium-Ion Battery packs for hybrid and electric vehicles.

The technology center of Samsung SDI Battery Systems is located in Kalsdorf, Austria, close to Graz.

Your core responsibilities are:

- Collect, process, and analyze large volumes of test, field, and sensor data across development and operation
- Develop machine learning models to analyze complex datasets and derive actionable insights on product performance and usage
- Collaborate with product development teams to integrate data collection and analytics tools throughout the product lifecycle
- Apply statistical and AI methods to identify patterns, predict issues, and optimize performance
- Continuously improve analytics approaches using modern data science and AI technologies

What you need is:

- Bachelor's or Master's degree in Data Science, Computer Science,

Modern work environment in an European technology center for battery development and testing

Have a say and think differently. In a team that lives the future.

[>more about working with us](#)

Let's be social: This is where we can connect:

Engineering, or a related field

- Experience in data analysis, data science, and machine learning, ideally in an automotive or engineering environment
- Strong programming skills in Python or MATLAB
- Experience with data visualization, databases (SQL/NoSQL), and big data technologies
- Solid knowledge of machine learning, statistical modeling, and AI
- Ability to work with large, complex datasets
- Automotive testing or product development experience is a plus
- Strong communication skills in English and German and the ability to work effectively in cross-functional teams

Our offer for you:

With regard to the Austrian Equal Treatment Act, we offer the following annual gross remuneration (full time/38.5 hours) as a basis for negotiations for this position: EUR 54.500.--

We also offer a market-standard overpayment depending on relevant work experience and qualifications.
